## Digital Fluency Pilot Coming This June

Now is your chance to help your team get a jump start on preparing for the work of the future. Did you know that [Digital Fluency has been identified by Kaiser Permanente as one of the 4 Critical Skills?](#)

Being Digitally Fluent means being comfortable working in the increasingly technological environment that is today's healthcare. It doesn't mean that your employees need to be experts, it just means that they can gain the skills necessary to adapt to the rapid changes that are happening in the workplace.

### Why is this a good program?

The [Digital Fluency Training Program](#) will give learners a broadened understanding of how technology is embedded in our everyday work lives, how it helps us provide excellent care to our members, and how to go and learn even more.

We understand that time is very valuable which is why we've provided this training completely online. Learners can access all 4 modules, including "Mobile Devices in Healthcare" and "The Power of Data" at home or on the go. Also, participants of this pilot program will receive a Certificate of Completion once the training has been completed.

Manager support is key to an employee's career development, so we hope that you will encourage your team to enroll today!

## Ben U Skills

### **NEW! Did You Know That Your Staff Has Unlimited Access to Lynda.com?**

BHMT is now providing all eligible participants access to [Lynda.com—an online subscription library](#) that teaches the latest software, creative, and business skills through high-quality instructional videos.

#### **Benefits to using Lynda.com include:**

- Up-to-date content to keep skills current or to learn new skills.
- New courses added every week.
- Tutorials taught by recognized industry experts.
- Beginner to advanced courses.
- The option to watch complete courses or bite-size videos as you need them.

Now your staff can choose from 5,000 popular training topics such as *Project Management, Excel, Web Design, Time Management, Office 365, Critical Thinking, Conflict Resolution, Business Writing*, plus much more. They can also create and manage their own learning paths by developing custom playlists as well as follow videos with closed caption transcripts and write/store your own class notes.

Encourage your team to register today to acquire new skills, advance their careers, and expand their minds!

### **NEW! How Your Employees Can Develop Superior Skills in Medical Interpreting**

We are very happy to announce that BHMT has partnered with LanguageLine Academy to bring your employees the [Advanced Medical Training Program](#). This program **consists of 3 modules** that will provide them with the necessary tools and examples to interpret accurately and completely.

The primary goal of the Advanced Medical Training Program is to allow your employees to prepare for the QBS II test or use the content as a refresher.

**Languages include: Vietnamese, Cantonese, Mandarin, Korean, Tagalog**

#### **Why is this a good program?**

The Advanced Medical Training Program is offered over-the-phone or online allowing the trainers to deliver the entire training in an interactive format. Online instruction is conveniently conducted as a web-based training program and is comprised of 40-hours of content. With the convenience of these self-paced training modalities, your employees can access the content anytime, anywhere!
