

ESC Local 20 at SVMH

March 15, 2018

Show Your Commitment to ESC Local 20 at SVMH Board Meeting on March 22

At the next SVMH Board meeting, the SVMH Board will hold a vote that could finally allow us to move forward with contract negotiations. After 4 years, 4 charges from PERB, hundreds of thousands of dollars, and unnecessary time and energy aimed at denying SVMH Lab Professionals their rights and freedom to join the Union of their choosing, we cannot afford to wait any longer.

Let's fill the room to show the Board that we will not stop fighting for our right to join the union of our choice—ESC Local 20.

State Issues Complaint Against SVMH for Violation of Labor Law for the 4th Time

The Public Employees Relations Board (PERB) General Counsel has, again, alleged SVMH violated Labor Laws by unilaterally changing Lab Professionals pay practices and benefits, and failing to notify or negotiate with the Union about these changes—**ultimately interfering with the rights of bargaining unit employees to be represented by their union, ESC Local 20.**

Again and again, SVMH has been found in violation of State Labor laws. It is time for SVMH to stop the delays and move forward with contract negotiations.

Exposing SVMH's Bad Behavior

We are doing everything we can to make SVMH do the right thing and move forward with contract negotiations but if they do not, we have to be ready to take further action. If SVMH continues breaking the law in an attempt to silence our voice at work and take away our freedom to join a union, there is no choice but to start exposing their bad behavior to our community. SVMH is a sponsor of the Hartnell College Ag Tech Summit. In addition, two members of the SVMH Board have close ties to Hartnell. It is time the community, like those who will be at Hartnell, know what is happening. Please mark your calendar for action at this event on March 27th.
