Dear Mr. Sperry:

The joint Oversight Committee for Electric Mapping Consolidation under Letter of Agreement 18-05-R1 met and discussed some of the consequences of Mapping Technicians' relocation elections. In particular, the Committee noted the situation where some Senior Mapping Technicians who elected not to relocate will remain in their local office, while the Lead or Principal Mapping Technician is relocated and retires.

The Union and Company agree that the incumbent Senior Mapping Technicians listed in Attachment 1, and who remain assigned to a local office during the relocation period without an assigned Lead or Principal in the office, will receive an hourly premium of \$1.26 for all hours worked.

This Agreement will not be retroactive prior to the relocation period. The hourly premium will cease as soon as the incumbent is no longer in the position/headquarters or on April 1, 2020, whichever occurs sooner.

If you agree, please so indicate in the space provided below and return one executed copy of this letter to the Company.

Very truly yours,

PACIFIC GAS AND ELECTRIC COMPANY
