Carl Harland, Assistant Executive Director  
Engineers and Scientists of California, Local 20  
IFPTE (AFL-CIO & CLC)  
810 Clay Street  
Oakland, CA 94607

Dear Mr. Harland:

In November 2020, the Company and Union entered into LA 20-20-ESC, which allowed Senior Engineering Estimators to check the work of Engineering Estimators and other Senior Engineering Estimators. In October 2021, the parties agreed to extend LA 20-20-ESC through December 31, 2022, via LA 21-19-ESC.

The parties agree there continues to be a surge in Estimating work, driven by emergency response, wildfire hardening, wildfire service cutoffs, Public Safety Power Shutoffs and other large spikes in workload, and that checking job packages is a vital function to ensure the quality of designs which can impact electrical and gas performance and public safety. Accordingly, the parties agree to cancel the December 31, 2022 expiration and continue to allow Senior Engineering Estimators to check the work of Engineering Estimators and other Senior Engineering Estimators, as detailed in LA 21-19-ESC. To support this safe and efficient way for qualified employees to check work in order to ensure quality and safety.

Either the Company or the Union reserves the right to cancel this agreement by giving the other party thirty (30) days written notice.

If you agree, please so indicate in the space provided below and return one executed copy of this letter to the Company.

Very truly yours,

PACIFIC GAS AND ELECTRIC COMPANY

By: Matthew Levy
