

ESC LOCAL 20 IFPTE VOTER GUIDE

Design, Programs, Invoicing & Engagement (DPIE) Nominees: Bargaining Committee

Nominee	Abdul Mata	Job Title	Designer, New business/ Remote
Time at SCE	Going on 6 years as designer in Tech Planning and New Business (DDT) as a designer.		
Why I'm Running	Want to be able to express the importance and the huge impact our team has towards the company. Even though we're always in the shadow and we feel unappreciated.		

Nominee	Francisco Camarena	Job Title	Designer, Designer 2/ Santa Ana
Time at SCE	15 years. Designer 2		
Why I'm Running	Provide valuable insight on the designer 2 role & responsibilities especially on the lead designer position within CDDS & DDT.		

Nominee	Stanley J Reiersen	Job Title	Designer, DD2 Orange Coast Service Center (Santa Ana)
Time at SCE	I have been with Edison for 9 years (DD2 7yrs & P1 for 2yrs) Prior this I was the drafting supervisor for SCE contractor Asplundh. I was Asplundhs direct mapping contact to Edison.		
Why I'm Running	I love working for Edison!! I see it as an opportunity to use collective bargaining to make the company an even better place to work. Over my time at Edison I have seen the steady erosion of both pay & work conditions. The cost of living in Southern California is among the highest in the nation. I would welcome the opportunity to help serve my coworkers in what will no doubt be challenging negotiations.
