<b>Time at SCE</b>	I have been employed at SCE for 18 years. I've been in Distribution Planning all 18 years and have held the following job titles; Planner trainee, Planner 1, Planner 2, and Planner (3) Advisor.		
<b>Why I'm Running</b>	I have been in Planning for 18 years and have experienced many changes that have negatively affected our organization. I watched the company cut Planner pay, vacation, & sick time accrual. I previously testified at the NLRB on behalf of planning to establish our work group. My goal is to bargain for fair market pay and benefits based off of established electric utility companies that have the same cost of living index as Southern California.

<b>Time at SCE</b>	25 years, 9 mos at SCE. Held Planner 1, Planning Supv/Mgr, Operations Supervisor, Field GS (Dev Assgnmt), Dist Mgr (Dev Assgnmt), Training Manager, Planner 2		
<b>Why I'm Running</b>	I have a heart for Planning, which is why I declined to promote to Dist Mgr or continue on in Operations, instead moving to Planning Training before being reassigned to Tech Planning during the reorg. The Planning Org is essential to the success of SCE and I want to ensure we achieve a contract that results in wages and working conditions that allow employees to receive fair pay for the work we perform and to feel valued in the workplace.
