San Jacinto Nominees: Bargaining Committee

Nominee	Nicholas Golde	Job Title	Planner, Meniffee District
Time at SCE	I have been with SCE for nearly 18 years. Holding many different positions within the planning organization. I spent time as a designer in local and tract, before moving over to the planner role in local. I believe I have the experience and knowledge to represent my peers in this next chapter		
Why I'm Running	Having spent my entire career in planning I have witnessed first hand many of the changes, both positive and negative, within the company. My goal is to hold both the union and company accountable during these negotiations. I believe it is imperative that both sides negotiate in good faith. The outcome of this directly impacts our current job, future growth and most important our families.		

Nominee	Lindsey Dawn Allred Young	Job Title	Planner, New Business / Wildomar
Time at SCE	I started my career at Edison in July 2020, joining the Palm Springs Service Center as a Designer. After approximately 20 months, I transitioned into a Planning Associate Specialist role. In January 2024, I was promoted to Senior Planning Specialist in Wildomar. I recently celebrated my 5-year anniversary.		
Why I'm Running	Initially, I was opposed to union representation, concerned about potentially losing what mattered most to us in our roles. However, I realize that we all share similar concerns and want to protect what's important. Now that we are officially represented, I want to ensure both my voice and the voices of my co-workers are heard. I'm eager to serve as San Jacinto's BC Member because it's crucial that we not only preserve the benefits we have, but also collaborate as a team to define a clear and positive future with SoCal Edison.
