## Transmission Nominees: Bargaining Committee

<b>Nominee</b>	Enrique Gordian	<b>Job Title</b>	Planner, MetroWest Transmission / Compton
<b>Time at SCE</b>	9+ years. Transmission and transmission telecom planning.		
<b>Why I'm Running</b>	I want to serve on the bargaining committee to help ensure that our voices are heard and our needs are fairly represented as we build this new union. I'm committed to advocating for better working conditions, fair wages, and transparency. My time here at SCE and design contractor can bring value to the table.		

<b>Nominee</b>	Chad Fredrick Packard	<b>Job Title</b>	Planner 3, Oak Hills
<b>Time at SCE</b>	36 years: 8 as Meter Reader and Groundman, 10 in Distribution Planning, 18 in Transmission Planning		
<b>Why I'm Running</b>	I believe I have the knowledge of how things should be run and on how planning employees should be treated and trained. I also believe I know how they should be fairly paid. I have seen many changes in the planning organization, so I can tell you what will work and what will not.

## Transmission Nominees: Bargaining Committee

<b>Nominee</b>	David Volman	<b>Job Title</b>	Planner, Metro West Transmission - Compton
<b>Time at SCE</b>	<p>I have been with SCE for 2.5 years. I have 8 years of experience and knowledge in transmission and distribution. I am a Planning Advisor, Planner 3, Estimator, etc. We have many titles. My role allows me to interact with customers on the larger scale such as local, state and federal government. I deal with private entities as well. I am a local planner, tech planner, new business and more all wrapped in once since a transmission planner 3 is expected to hold many roles. I've created many tracking spread sheets for my grid to help manage and organize things such as circuits (OH &amp; UG), vaults, substation and more. My PMs have described as me hard working and get things done without messing around. I focus on my work and keep it all organized and never fall behind. If something is needed of me, I quickly add to my list and get it done in a timely manner. I am ready to be a voice for myself and my peers.</p>		
<b>Why I'm Running</b>	<p>I'm not shy about speaking and speaking loud. I don't stray away from saying things others may not want to. I have always been a voice for the voiceless. Transmission planning is a different ball park and I want to be sure that we are not left behind like we've always been. I speak my mind and I am not afraid to call things out I see as unfair, unfit, etc. I am not afraid to call others all, of course in a respectful way, but that'll keep them on track. I believe I have the mindset and determination it takes to serve in this role.</p>
